TRACTION

TRAIL SPORT

Born where snowdrifts and driveway shovels come standard, the Devinci Minus comes equipped with a mega-footprint and a 1X drivetrain for exploring a wintry mix of untapped opportunity. Wake up to Arctic forecasts and hit the hills to lap fresh singletrack. Charge slick berms like a bobsled on wheels thanks to hardworking aluminum frame tech that bolsters strength, handling, and response. And harness all the fun of off-piste

missions, with low stand-over geometry for great stability. Charge into winter with a Minus—and add an excuse-free fourth season to your stacked biking lineup.
