TRAIL TRACTION

The Marshall* experience is all about taking the unorthodox and owning it. It excels in mixed-bag elements and tackles varied, unforgiving terrain with the multitasking muscle of Devinci's Optimum G04 Aluminum or DMC-G Carbon frame paired with proven Split-Pivot suspension. Sure-footed 27.5 wheels enhance traction on slippery surfaces and deliver appreciated stability. And Boost spacing bolsters stiffness for superior handling meets massive pedal power. Charge

hard with bikes equipped for one burning desire, to go anywhere and everywhere the others won't.

[*This bike was formerly called the Hendrix. The current incarnation takes its handle from Jimi's middle name, Marshall. And it rocks just as hard.]

***The perfect fit**

Please note that only Devinci authorized retailers are able to advise you properly on the correct bike size. Please visit your nearest store so they can analyze your needs. In the case of internet shopping, it is equally important to provide the necessary measurements (e.g. inseam length) so that the retailer can give you the correct information.
