TRAIL TRACTION

With piles of World Cup podiums under its chassis, the Wilson is a weapon to be reckoned with. Commandeered by DGR elites like Steve Smith, Mark Wallace and Brage Vestavik, Devinci's flagship DH ride features an advanced aluminum front triangle synergized with a rear carbon build powered by EPS molded frame tech for lighter, stiffer, stronger performance. Wilson's asymmetrical construction improves torsional stiffness. Hard-charging carbon seat stay bolster pedal power out of the start gate

and across the flats. And the ever-agile Split-Pivot suspension system, with new shock positioning that bucks mud and lowers center of gravity, makes easy work of boulder gardens and wickedly steep terrain. Wilson DH. Fierce by nature. A force by design.

*The perfect fit

Please note that only Devinci authorized retailers are able to advise you properly on the correct bike size. Please visit your nearest store so they can analyze your needs. In the case of internet shopping, it is equally important to provide the necessary measurements (e.g. inseam length) so that the retailer can give you the correct information.
